

Your Productivity Depends On A Well Ordered Workplace.

When bees build a highly organized working community, they do it to make honey. When you build a highly organized workplace for your business, you do it to make money.

That's why you need MK Construction Company. MK Construction Company is one of Atlanta's most experienced construction firms. Locally owned and locally grown, we have built quality industrial projects in Atlanta for over 30 years.

Our workers are skilled professionals, who coordinate their activities to meet your company's specific needs. You save time *and* money. We control costs from concept to completion, through value engineering and construction management with a colony of in-house professionals.

Over 30 million square feet of developments in Atlanta attest to MK's instinctual dedication to quality structures. So, don't get stung. When you need office, industrial or distribution space, call MK Construction Company. *Your buzzword for productivity.*
