

A Gift From

SYDELL

*Give Your People
A Real Pat On The Back.*

As an executive, you know your staff works hard to make your company - and you - look good. Why not offer them an incentive program or holiday gift that will help make *them* look and feel good too?

A gift from Sydell Skin and Body Care Salon is the perfect way to say "Thank You" for a job well done. The result? Your people look and feel better. They have a more positive self-image and more self-esteem. Their morale improves. Their productivity rises. *And your corporate image is enhanced.*

"... I love the treatment you give me so much, that I plan to give a Sydell Gift Certificate to my special friends and business associates..."

Dr. Kay Shirley, CFP,
Financial Development Corp.

After a soothing body massage by our licensed massage therapist, your people will feel totally relaxed. They'll feel totally rejuvenated as tension is massaged away.

The Sydell team of aestheticians gives each man and woman in your work-force 100% professional attention. Your staff can leave stress behind as they receive skin care, facials, nail care, makeup ideas (for the ladies), body massage, and total body treatments from skilled specialists.

"Your people really made me feel at ease...and when I got home my wife said I looked 10 years younger. Thanks, Sydell."

Art Eckman, Sportscaster

The make-up lesson starts with a complexion analysis. We'll recommend skin products that bring out a healthy, natural glow. To maximize their best features with make-up, we'll explain what colors are best for each person's hair color and skin tone.

Sydell Skin & Body Care Salon is the answer to your employee bonus, gift or sales incentive plan.

Let us help you custom design an incentive program around your company's specific needs. We promise to deliver an unusually satisfying gift that your people will remember well beyond their initial treatment. For a first hand look at the Sydell Experience and a complete tour of our salon, please call us at **955-5576**. We're looking forward to meeting you.

Manicures and pedicures are given in a private room. Men receive suggestions on daily nail maintenance and care. Women learn about polishing techniques, and colors for the business world that renew their self-confidence.
